Excellent from the professional >>

- 我司是高速钢钢板国家标准GB/T9941-2009的起草单位之一，精薄板生产能力与公差控制都具有国际水准，在行业内处于领先地位。
- Our company is the leading manufacture of HSS sheets in China and one of the drafters of the national standard GB/T9941-2009 of HSS sheets. Our HSS thin sheets are internationally competent.

• 原材料主要供应商:

- Main supplier of raw material: Erasteel、Nachi、Heye、Fushun

主要材质及化学成份

Main material and chemical composition >>

供应能力及范围

Capacity & range >>

厚度 Thickness	0.6-10mm
宽度 Width	≥500mm

备注:

轧制工艺: 0.5-3.0mm为冷轧工艺, 3.0mm以上为热轧工艺。

Rolling process: thickness 0.5-3.0mm is the cold rolling process, and thickness above 3.0mm is the hot rolling process.

公司拥有全套热处理设备, 包括: 盐浴炉, 真空炉, 气氛炉; 以及超深冷设备, 可以提供全面的相应热处理加工服务。

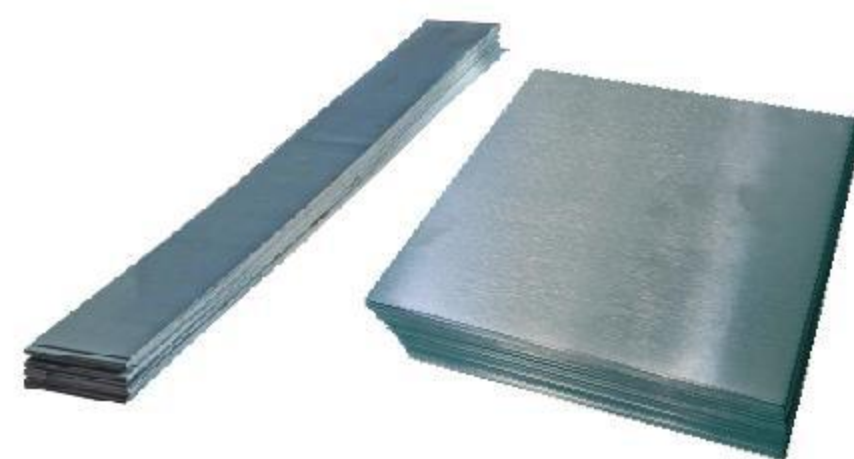

We have full set of heat treatment equipment, including: salt bathing furnace, Vacuum furnace, atmosphere furnace; ultra-deep cooling equipment, and provide comprehensive corresponding heat treatment services.

交货状态

钢板
HSS sheet

定尺
Customized size

热处理
Heat treatment

- 可提供整板状态交货。
Providing the whole sheet.
- 可根据要求提供定尺切割及成型加工服务。
Providing Customized size and molding processing service according to requirements.
- 可根据要求提供热处理加工服务。
Providing Heat treatment service according to the requirements.
- 可提供深冷加工服务。
Providing ultradeep cooling processing service.

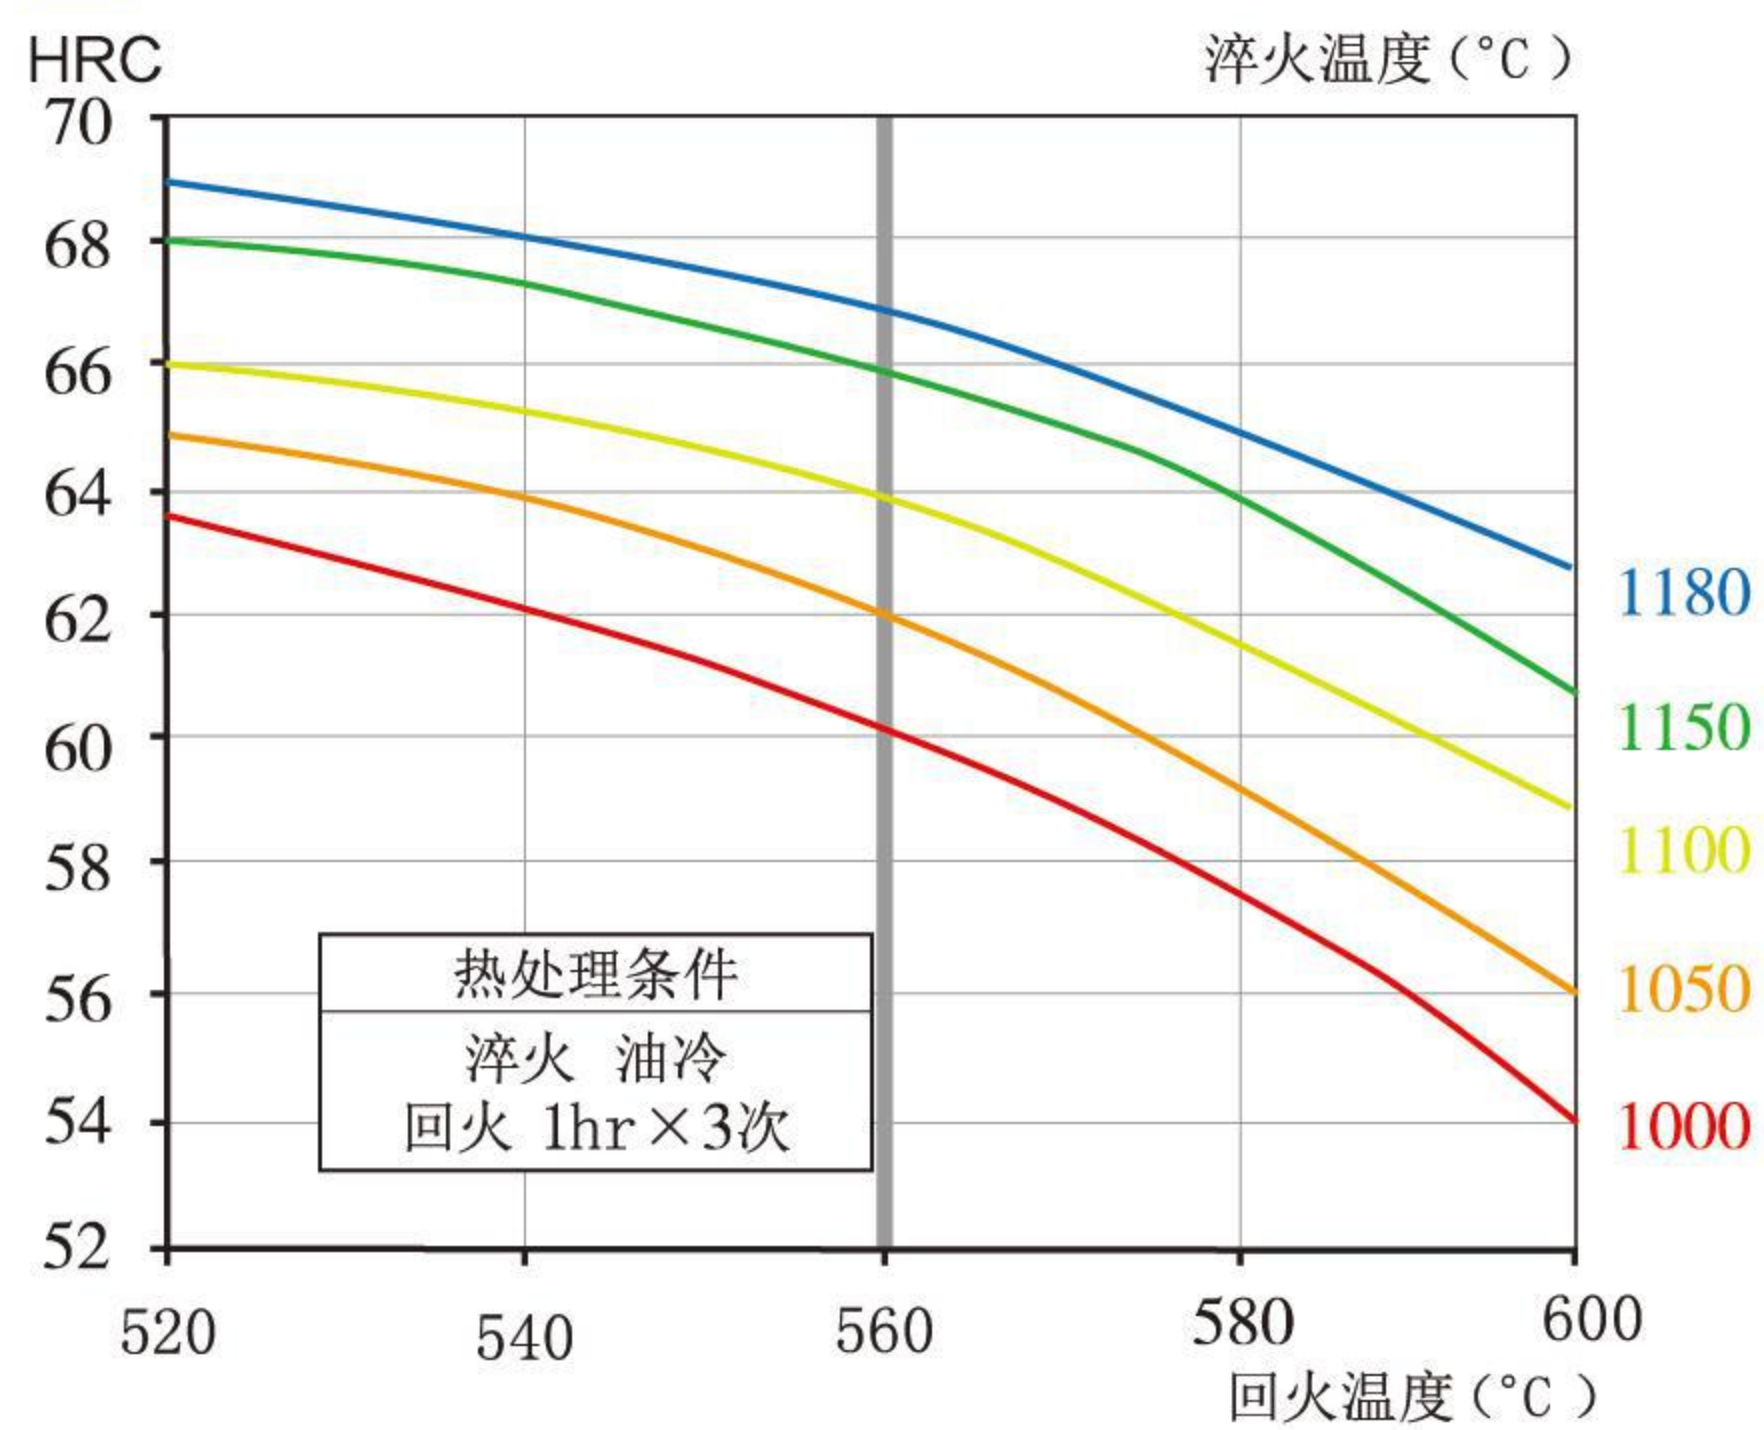

适用范围: 各种刀具、刃具; 精密模具, 耐磨配件等。

Applications: Knife tools, Cutting tools, Precision mold, Wear resistant accessories, etc.
